Our Holidays for Independent Travellers

Independent travellers like you love flexibility! These vacation packages have been carefully designed to encompass New Zealand's cosmopolitan cities, playful resorts and more remote alpine, bush and beach regions.

These are holiday packages that work! However, you'll also have your own ideas about what you want to do, so share those with us and we'll customise a fantastic holiday just for you!

These packages offer you a choice of accommodation – either full service hotels, self contained motels or budget hostels. We also offer a choice of transport – you can choose to travel by scheduled service coaches or self drive in a rental car. Now, that's what you call flexibility!

What's Included

Sightseeing, transport, accommodation... all the trips have their inclusions clearly listed and these will be confirmed on your detailed itinerary which you receive prior to starting your holiday. Your travel documents also include individual service vouchers as required.

Your Transport

For your convenience, most of our packages and tours offer the choice of either self drive rental car or seat-in-coach transport.

You can choose the rental car that best suits your budget or select to travel by coach with Newmans and InterCity scheduled services. Please refer to p.29 for details.

Your Accommodation

We appreciate how important your accommodation is to your holiday enjoyment. We have carefully selected hotels, motels and hostels that offer exceptionally clean and well-maintained rooms and facilities, warm hospitality and convenient locations. See p.26-28 for more details.

Also, we can quote on luxury accommodation, bed and breakfast hotels, serviced apartments and rural homestays and farmstays.

Single Travellers Welcome

If you are travelling solo, we will reserve single accommodation for you and single rates will apply.

Guaranteed Daily Departures

All self drive packages can depart any day to suit you. The seat-in-coach packages also depart daily (with a few seasonal exceptions as specified).

Door to Door Service

If you are travelling by scheduled coach, we will arrange door to door transfers within your itinerary. Once you have joined the coach on the first day, to the end of travel on your last day, central accommodation transfers are included wherever practical. Remember in some small towns, transfers may not be necessary. We can arrange pre-tour and post-tour transfers at an additional cost if you require.

Book Early!

We recommend that you make your bookings early, especially if you are travelling between October and late March.

Sightseeing and Activities

Each itinerary includes fantastic sightseeing and activities as specified in the appropriate price panel. We have carefully selected activities which have proven popular with visitors to New Zealand and sightseeing operators who provide high operational standards. See p.22 for other great activity suggestions.

Documentation

After we have received full payment, we will send you a detailed itinerary which will include any booking references and/or any service vouchers you require.

We can either email your documents to you at home, send them to your travel agent or have them waiting for you at your first night's accommodation in New Zealand.

Seasonal Discount

Many of our accommodation and transport suppliers offer lower rates during our quieter travel months. We are pleased to pass on these savings to you. Please refer to the pricing panel for discount details.
